# Viridis Demo

The code below demonstrates two color palettes in the viridis package. Each plot displays a contour map of the Maunga Whau volcano in Auckland, New Zealand.

Formatting instructions: http://rmarkdown.rstudio.com/lesson-9.html

Viridis colors

```
image(volcano, col = viridis(200))
```

Magma colors

```r
image(volcano, col = viridis(200, option = "A"))
```
